TECH CENTER 1600/2000

AMENDMENT

Please amend the application as follows.

In the Specification:

Please replace the abstract on page 31 of the specification, lines 4 through 20, with the following paragraph.

A pharmaceutical composition for treating allergy is described. The composition comprises as an active ingredient a recombinant polyclonal antibody or a mixture of different monoclonal antibodies capable of reacting with or binding to an allergen together with one or more pharmaceutically acceptable excipients. The composition may
